

FISCAL NOTE

HB 2590 - SB 3006

March 24, 2006

SUMMARY OF BILL: Requires the Department of Health to study the accessibility of information regarding the results of certain clinical trials of pharmaceuticals, treatment options and medical devices, and the enrollment of persons in such trials.

ESTIMATED FISCAL IMPACT:

**Increase State Expenditures - \$39,000 Recurring
\$3,900 One-Time**

Assumptions:

- The Department of Health will need to hire a statistician to review and research the 900 clinical trials registered with the National Library of Medicine. There will be an increase in recurring state expenditures of \$39,068 for salary and benefits, supplies, software, rent and communications. There will be one-time expenditures of \$3,900 for computer equipment and landscaping.
- Reporting the findings of the study to the House Health and Human Resources Committee and the Senate General Welfare, Health and Human Resources Committee will not result in a significant increase in expenditures.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
